- Hold/activation times programmable from 0.125 to 10 seconds

DF432

ultraLink 32 relay output expansion module. DIN-rail mount

Technical specifications

General

Category	FlexZone
Product type	FlexZone Control unit

Electrical

Operating voltage	30 VDC
Current consumption	1 A

Environmental

Environment	Indoor

Inputs / outputs

	LED indicators
Relay outputs	32
Relay - Form C	1A, 30 VDC
