DB-01-B

DC9000 / DI9000 Series standard point detector base - black

General

The DB-01-B is a black variant of the common mounting base for both GST addressable (DI) and conventional (DC) series detectors. It provides mechanical fixing and electrical connection for these devices. There are no electrical components in the base.

The DB-01 has 4 terminals

Application

In combination with a black detector it is ideal for installation on black surfaces and false ceilings where a white detector presents to visible.

Details

- Common for all GST DC/DI series detectors
- Supports detectors locking to prevent unauthorised removal
- Easy to install with standard mounting options
- Ideal for false ceiling applications or dark ceilings

DB-01-B

DC9000 / DI9000 Series standard point detector base - black

Technical specifications

General

Compatibility	GST DC-9000E & DI-9000E systems
Connectivity	Zone and remote indicator

Electrical

No. of cable cores	2 x zonal, 2 x remote LED
Terminals	4

Physical

Physical dimensions	100 x 14 mm (Ø x H)
Colour	Black
Mounting type	Ceiling mount
Cable entries	1
Material (body)	ABS

Environmental

Vandal proof	No
Environment	Indoor

Regulatory

Compliancy	CE
Standards	EN54 (with relevant detector)

Compatible products

Category	Reference	Description
Detection device	DC-9101E-B	DC9000 Series conventional multisensor fire detector - black
