TVK-400-USB

TruVision IP-manöverpanel, 3-axlad joystick, USB

Overview

The TruVision TVK400-USB keypad works with the advanced KGS software applications like UltraView VSC and the Prism VMS software. The keypad alows you to manipulate the software and control of PTZ.

Versatility

The TVK400-USB can be used with different KGS Fire & Security video software applications like Ultraview VSC 4.4 and PRISM 1.2 or higher.
The keypad allows control over camera view in client applications as well as PTZ and playback control.
There is advanced 3 axes Hall effect Joystick to control PTZ cameras and Jog/Schuttle to navigate through the recorded video.
The TVK400-USB is designed for critical security installations including airports, casinos, transit stations and stadiums.
