# DMN782

## Hinged transparent MCP protection cover

### General

The DMN782 anti-tamper plastic cover is a protection cover for the DM700/DMN700/DM2000 and KAL450 series manual call points. It prevents accidental activation of the alarm by enforcing a two step action i.e. lifting the cover, then activating the alarm.

### Details

- Unobtrusive
- Transparent
- Protects from accidental alarm activation
- Compatible with old and new series call points and SIGI-271
